

Airy Hill Community Primary School

Accessibility Plan

November 2017 - 2020

At Airy Hill Primary School our values reflect our commitment to a school where there are high expectations of everyone. Children are provided with high quality learning opportunities so that each child attains and achieves all that they are able to. Everyone in our school is important and included. We promote an ethos of care and trust where every member of our school community feels that they truly belong and are valued. We work hard to ensure there are no invisible children here, recognising everyone's uniqueness and success. We recognise learning in all its forms and are committed to nurturing lifelong learners. We are a safe school, committed to improving children's confidence and self-esteem. We know that safe and happy children achieve.

This Accessibility Plan is drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting of progress of the Accessibility Plan over a prescribed period.

The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that "schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation".

According to the Equality Act 2010 a person has a disability if:

- (a) He or she has a physical or mental impairment, and
- (b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

We understand that the Local Authority will monitor the school's activity under the Equality Act 2010 (and in particular Schedule 10 regarding Accessibility) and will advise upon the compliance with that duty.

Aims

Airy Hill Primary School is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the school.

The school recognises and values parent's knowledge of their child's disability and its effect on their ability to carry out everyday activities and respects the parent's and child's right to confidentiality.

Airy Hill Community Primary School

The Accessibility Plan contains actions to:-

- Increase access to the curriculum for pupils with Special Educational Needs and Disabilities expanding the curriculum as necessary to ensure that pupils with a disability are as equally prepared for life as the able-bodied pupils; (If a school fails to do this they are in breach of their duties under the Equalities Act 2010); this covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or schools visits - it also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe;
- Improve and maintain access to the physical environment of the school, adding specialist facilities as necessary - this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe;
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include hand-outs, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe.

Equality Objectives 2017-20

- Increase the extent to which disabled pupils can participate in the school curriculum.
- Improve the environment of the school to increase the extent to which disabled pupils can take advantage of education and other services.
- Improve the delivery to disabled pupils of information which is provided in writing for pupils who are not disabled.
- to raise attainment in English for boys;

Reasonable adjustments made by the school:

From September 2012 schools and local authorities have a duty to supply auxiliary aids and services as reasonable adjustments where these are not being supplied through Special Educational Needs (SEN) statements/EHCPs or from other sources. Additional high needs funding may be available on application to the local authority.

- The school brochure or any other written information can be made available in large print, or translated into different languages if requested.

Airy Hill Community Primary School

- There has been improved signage in the school.
- All classrooms have a visual timetable displayed.
- Standards of behaviour are differentiated and support is put in place for those pupils who find it difficult to behave well.
- Provision maps have been developed to support a range of areas of need (Cognition and Learning including dyslexia, Communication and Interaction including ASD and SLCN), Social, Mental and Emotional Health and Physical and Sensory needs).
- The school records adaptations to provision in the children's individual records.
- Individual Education Plans and Provision Maps are discussed with the children and progress against targets is discussed.
- Inclusion Passports are created and used for those children at SEN Support and for pupils with EHCP.

Good Practice

We will ask about any disability or health conditions in early communications with new parents and carers. Physical Environment

- Disabled pupils participate in extra-curricular activities.
- Planning is adapted to allow disabled pupils to access all subjects - this may require extra support staff or additional resources and information
- Different forms of communication are made available to enable all disabled pupils to express their views and to hear the views of others. Access to information is planned, with visual signage available using appropriate software.

This policy will be reviewed in November 2020 and was last reviewed on 3rd November 2017
