

## Thursday April 2<sup>nd</sup> Home Learning

Good Morning Year 5! Thank you to those children who sent me work or contacted me on group chat. Don't forget you can send me work to look at and comment on at [hworthington.airyhill@yeat.co.uk](mailto:hworthington.airyhill@yeat.co.uk) Don't forget to register you are home learning each day by writing hi in the group chat.

9:00 – 10 am		<b>Maths arithmetic and new learning</b> <i>If you have any questions or require any feedback please email me directly on <a href="mailto:hworthington.airyhill@yeat.co.uk">hworthington.airyhill@yeat.co.uk</a></i>
10:00 – 10:30 am		<b>Break and relax time</b>
10:30 – 11:30 am		<b>Daily English activity in your books + reading of a book</b> <i>If you have any questions or require any feedback please email me directly on <a href="mailto:hworthington.airyhill@yeat.co.uk">hworthington.airyhill@yeat.co.uk</a></i>
11:30 – 1:00pm		<b>Lunch time and relax time</b>
1:00 – 1:30 pm		<b>Practise times tables / spellings / reading of a book</b>
1:30 – 2:00pm		<b>Daily Joe Wicks PE lesson</b> (this will support your physical and mental health – we know how important this is!)  <a href="https://www.youtube.com/channel/UCAxW1XT0iEJo0TYIRfn6rYQ">https://www.youtube.com/channel/UCAxW1XT0iEJo0TYIRfn6rYQ</a>
2:00- 2:30pm		<b>Break and relax time</b>
2:30 – 3:30pm		<b>Wider learning activity</b> (choose from an activity set by the class teacher each day or an activity planned by a parent / carer. This might be topic based or something to do around your house)

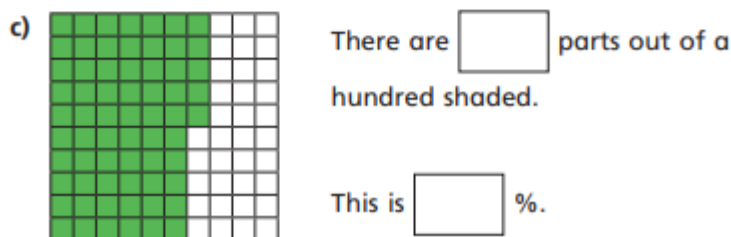

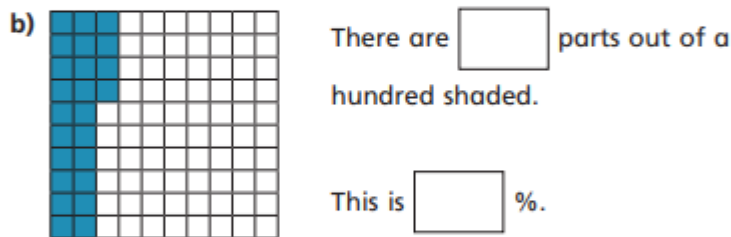

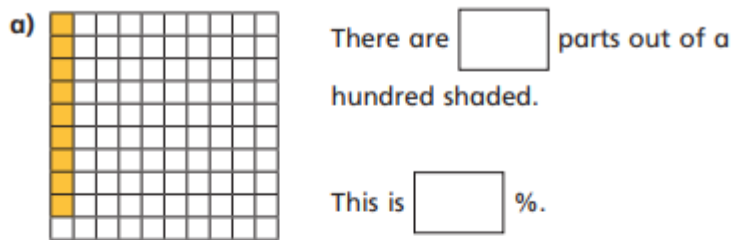

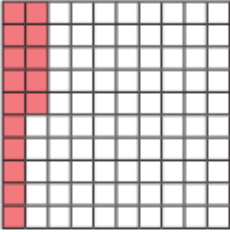

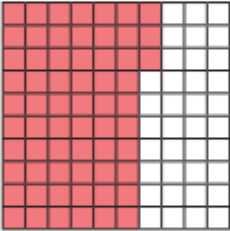

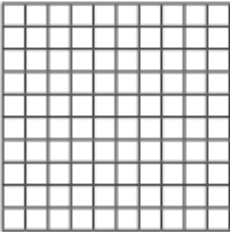

## Maths Daily Learning

Go to <https://whiterosemaths.com/homelearning/year-5/> Watch the video week 2 lesson 3 step 8 on understanding percentages. Complete the activities below. We are going to do varied Fluency today and take this new learning slowly.

1 Complete the sentence for each diagram.

2 Complete the table.

Hundred square	Percentage
	
	
	82%

See if you can sketch what 82% of the hundred square would look like.

Hint....Remember – there is 100p in £1!!!

- 6 Dexter has £1 to spend.  
He buys some stickers.

What percentage of his money did Dexter spend?

%

## English - Writing Task

Research an animal or creature that you find fascinating. Write two paragraphs of interesting information for your reader. This could include facts such as habitat/diet/appearance and any other unique characteristics or facts about your chosen creature. I can't wait to read to them!! I could post some good ones on the school Facebook page. (When I work out how to do that!) Here's mine....

### The Black Mamba

The black mamba has quite a reputation. It is one of the world's deadliest snakes. It is the fastest land snake in the world, and the longest species of venomous snake in Africa and the second longest in the world. This snake's potential danger has been the subject of many African myths and it has been blamed for thousands of human deaths.

Contrary to what its name would suggest, black mambas are actually brownish in colour, ranging from olive to greyish tones, with paler bellies. They are named for the coloration of the inside of their mouths, which is a deep, inky black. Similar to cottonmouths, when threatened a mamba will open its mouth to show the black lining as a

warning signal. Black mambas have coffin-shaped heads and are lithe, athletic snakes. They can grow to be 14 feet long (4.25 metres), though their average length is around 8 feet (2.4 m). These giants can live up to 11 years in the wild.
