

Miss Stewart's Guide to Whitby Leaflet!

We live in such a beautiful place and it is always nice to explore where we live through walks and exploration around our town.

My challenge to you is to complete a Whitby guide leaflet about one or more of your favourite places in Whitby to go!

Here are some ideas to get you started...

It could be places such as Whitby Abbey, the beach, the whale bones... However, your leaflet may also include some hidden gems you think people should visit. Some ideas for this could be Whitby Museum or Captain Cook Museum, or it could be a certain place you love to go for food or drink! This might be a place you would like to recommend to tourists if they did happen to come to our seaside for a visit!

Use the blank leaflet below on the next page to start your Guide to Whitby. If you would like to create your own leaflet on the computer and send it to me in a document- that would also be great 😊 Get creative with it!

Please send any finished Guide to Whitby Leaflets to pstewart1.airyhill@yeat.co.uk . I would love to see them!
